

ESRA's English Tutoring Project (ETP)

Computerised Oral Bagrut Exam (COBE) Bagrut Online Oral Skills Test (BOOST)

The Online COBE/BOOST program is a four-week English tutoring program for students in grades 10-12 to prepare them for the COBE/BOOST exam. The program helps students practice speaking English and build confidence in a supportive environment.

Here's a breakdown of how it works:

What is the Online COBE program?

- Who it's for: Students in grades 10, 11, and 12 who want to practice speaking English for the COBE/BOOST exam.
- What you do: Students meet with a tutor on Zoom for one hour a week for four weeks.
- The sessions: The tutoring sessions simulate the actual COBE/BOOST format and are based on the Ministry of Education's curriculum. The tutors are native English speakers who are trained to help students.
- **Group setup:** Students are put in groups of 3–4 with other students from the same grade. One-on-one sessions are also available for students who need more help.
- When it happens: The program has three sessions throughout the year: Winter (October-December), Summer (January-March), and Pre-COBE (April-June).
- **How to register:**The school registers for the program. The sooner the school registers, the sooner students can participate. After a school registers, they will be contacted with more details.

For 45 years, ESRA has been dedicated to making Olim feel at home in Israel by providing essential services, enriching activities, and platform to give back. As Israel's leading English-speaking volunteer organization with over 2,000 dedicated volunteers nationwide, we develop and run life-changing projects with strategic partners that ensure equal opportunities for all. Through these initiatives, English speakers become valuable contributors to Israeli society by donating and volunteering.
